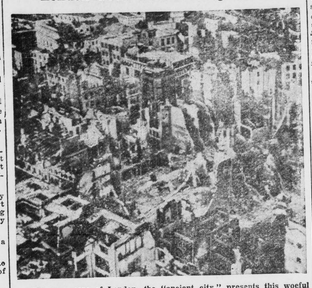
London Took This But Fights On



The very core of London, the "ancient city," presents this woeful aspect as famous old buildings and modern structures gape to the sky from which German raiders rained down thousands of fire bombs. Crumbling walls, flame weakened timbers, and twisted steel attest to the fury of the raid. This photograph was made from the dome of St. Paul's cathedral.

Evergreen News Items

Evergreen, Jan. 22.- For some time there has been one or more chicken thieves amuck in the Evergreen community, and when your chickens are disappearing at night, and you can't catch the thief in his nocturnal visits to chicken coop, it only natural that you should very much desire to know who, or what is getting them.

A near neighbor has been losing her chickens with exasperating frequency the past several months and some times they would get so close on the thief that he would drop his chickens and hot foot it away, to the music of the ever ready shotgun. But the thief came once too often, and because he just had to have chicken for his delayed supper, he undertook to hide behind some junk, but he had come too early, and at this time he was caught with the goods and was easily captured. And behold, it was not the culprit they had under suspicion, but just a hungry possum!

Moral: Do not misjudge your neighbor, nor even your neighbor's dog!

Today is my birthday. I wonder how many of my readers will celebrate the anniversary of this birth today!

The influenza epidemic has struck Evergreen in force. Thus, it usually allows time for a night's rest; acts gently, thoroughly next morning, so relieving constipation's headaches, biliousness, bad breath.

BLACK-DRAUGHT'S main ingredient is an "intestinal tonic-laxative," which helps impart tone to lazy bowel muscles. The millions of packages used prove its merit. Economical, too: 25 to 40 doses, 25c.
